This is the winter to conserve coal. Special rates for one, for families of two, or larger families. Apply to J. V. Rowen, manager, Hotel Barre.

Mrs. Arthur Manson has gone to Cambridge, Mass., where she expects to remain about three months in order to be near her husband, who is stationed at Fort Strong. Mr. Manson is in the coast artillery.

Dance in armory hall, Montpelier, Friday evening after last band concert of this season. Chatfield's orchestra, eight pieces. Gentlemen 55c, including war tax, ladies free. If no band concert, dancing begins at 8:30.

Lieut. R. J. Grigg, a former resident of Barre, who was recently commissioned in the dental corps, has been assigned to duty with the 74th infantry at Camp Devens, according to word received by friends here.

Harry E. Gage, who has been passing a week in the city while training the cast which presented the Yama Yama minstrels under the auspices of the Barre City band, has gone back to his home in Burlington. Mr. Gage expects to stage the same show in Granville, N. Y., next week.

Contractor G. L. Gregware, who has been successful in laying cement concrete walks for the city this summer, has been engaged to oversee the construction of the permanent road work on the Washington street highway. Despite the unfavorable weather, excavation for the cement work which is to extend along the street on either side of the road is going forward steadily, and if outdoor conditions improve the road will have been completed sometime before snow flies.

Barre Pythians are getting ready to entertain the state convention of that order, which is to be held in this city next week. Committees have been organized for the entertainment of the delegates, of whom there are expected to be upward of 50 exclusive of the grand lodge officers. It will be the first time that the grand lodge has visited Barre in several years, and as all non-essential features are to be eliminated in an effort to make it strictly a war-time gathering, most of the time will be given over to business. There are 33 lodges in Vermont and the membership is around 2,500. E. J. Berry of Essex Junction is the grand chancellor.

Larger than on the opening night was the attendance at the second and last presentation of the Yama Yama minstrels in the opera house last evening. Before the show, the Barre City band, under whose patronage the production was staged, gave a short concert in front of the city building and then paraded down North Main street along with a number of the performers. If anything, the performance was a bit smoother than on the previous evening. There were changes in some parts of the program and the entertainment on the whole was much applauded. That the band will realize anything from its venture seems doubtful, as untoward circumstances, principal of which was the inclement weather, attended the affair. Yet it is expected that the musicians, even after the proceeds have been divided with the director of the show, will not lose any money.

Among the guests arriving at Hotel Barre last night and this morning were the following people: Mr. and Mrs. G. H. Humphrey, Herbert Humphrey of Charlestown, Mass., Mr. and Mrs. L. S. Howard of Somerville, Mass., Mr. L. P. Wood, Mrs. H. H. Hekok and Miss Hickok of Burlington, Vt., Mr. J. W. Irvine of Chicago, Ill., Fred L. North of Burlington, Mrs. N. M. Johnson of Northfield, Mrs. D. E. Tryon of Middletown, Conn., H. W. Pratt of Middleboro, Mass., J. S. Burnham of Milton, F. W. Teller of Rochester, Martin Petersen of Norwich, Conn., Mr. and Mrs. C. C. Horne, Robert D. Horne and Mr. and Mrs. W. W. Darling of Brooklyn, Mass., H. W. Eldred of Westford, Mass., J. L. Daley of Burlington, Mr. and Mrs. H. L. Parker of Fitchburg, Mass., J. B. Nugent and J. F. Nugent of Worcester, Mass., F. A. Phillips of Northfield, William F. Hoar and F. H. Williams of Boston.

Somebody dropped a lighted cigarette or dumped a pipe over the ledge of a window which overlooks the river at the Vanetti Granite Co.'s plant on West Second street just before quitting time yesterday afternoon. Whether it was a "fag," as the soldiers say, or the remains of a bowlful, it did not find its way down the bank into the swollen stream. Instead, it ignited a pile of rubbish under the window and in a few moments the big attraction for most of the granite workers in the plant was out of doors. Just before 4 o'clock Supt. A. M. Cella, who was called to the engine room, where the fire was most threatening, telephoned to the fire station. The fire truck responded, but before it reached the shed a hose used in the polishing mill was extended to the engine room and the water directed against the blaze of that wastage point. Flames were beginning to envelop the whole side of the engine room when the hose got in its work. The damage was slight.

Notice.
Special meeting of lumpers, boxers and derickmen will be held in rooms in Seapoint block Friday evening, Sept. 20, at 7:30 o'clock, to pick in nomination someone to serve as I. U. president. A full attendance is requested. Per order of president. L. O'Kelly, Cor. Sec.

Mr. and Mrs. Charles A. Brown and son, Winston, of Jefferson street, have returned from a trip through New York. Mr. Brown continued his journey into the Middle West in the interests of the granite manufacturing firm of Brown, Carroll & Co.

Local merchants, especially grocers, upon whom innumerable calls are made for paper bags, seem to be co-operating wholeheartedly with the government in its move to conserve paper. In a number of stores wrapping paper and paper bags are not used when the commodities are already securely wrapped. Extra paper bags are given reluctantly and in some cases refused unless the customer is prepared to pay an additional cent for the convenience.

Millinery sale: As I have just a few days to close out my entire millinery stock, will sell everything at cost and many things at a great sacrifice. Velvets in all colors \$1 a yard; flowers, 25c and 50c; buckram frames that were 50c and 75c for 25c and 35c; silk ribbons and velvet ribbons at cost. Workroom supply, thread, needles, wires, bandeau that were 15c and 25c for 10c and 12c. A few velvet hats at less than cost. Come in early and get first choice, as this is a bargain and everything must be sold. Mrs. Eddie Shallow, formerly Stella Laviolette, 94 North Main street.

WAR SHRINE SET UP.

In Picturesque Corner of Hyde Park, London—Many Gather.

London, Sept. 20.—(Correspondence of the Associated Press).—In a picturesque corner of Hyde park, not far from the noisy thoroughfares over which much of London's traffic passes, a war shrine, in the shape of a cross, where visitors may get some idea of the sorrow of a country which for four years has been weighted down by the ravages of war. "All last week," says the dispatch, "the slow-moving streams of gray-haired mothers, grief-stricken wives, sisters, daughters, sweethearts passed round the shrine, the masses of flowers were piled higher and higher, the fresh fragrances of those of to-day mingling with the faint scent of yesterday's paler blossoms."

"There were working women who took a part of their luncheon hour to join that little procession round the shrine, there were children who came in the late afternoon, and old men who passed as twilight drew near."

"Yesterday there was a little woman in black who came and laid a small bunch of roses as near the English flag as she could. On a card she had written, 'In memory of Will, my youngest boy, and near those fresh roses were roses of the day before 'to John' and the day before that 'to George.'"

"Three sons the little woman in black had given, three cards, three loosely tied bunches of flowers she had laid upon the war shrine. One moment she paused to speak to one of the Green Cross girls, 'I shall come again in a few weeks,' she said, with eyes that were moist and lips that smiled bravely, and then she walked slowly away out of the park to a lonely home."

Prominent Values in Coat Styles

As in other autumns, our Coat Section is of deep interest, because of the variety and the quality of the garments shown. These are Coats that smartly dressed women will wear.

The garment you have pictured for yourself is probably something like one of these Blue, Black, Green or Navy Coats in Bolivia, Silk Velour, Silver-tone, Wool Velour, and other beautiful fabrics.

These you will find priced very reasonably, for quality given. When you realize how hard it is to-day to get cloths or garments of such quality in the market, you can appreciate the Coat values.

Special Rain Coat Values

While in the market this week we were able to pick up some values in Ladies' All-Wool Tweed Rain Coats that are of unusual value. These are Coats that we have been unable to find anywhere for the last six weeks at less than \$25.00.

These are Coats that were made for parties who had financial trouble, so the Coats were not delivered. We bought this lot of Coats at a price that enables us to sell them at only \$16.50 each.

These are in small and medium sizes. If your size is here, you will not be able to duplicate these Coats in price or quality for many seasons to come. These are an extra good general utility Coat of more than ordinary value.

Children's Rainster Capes

We have just received by express one lot of Children's Rainster Capes. These are a fast color mercerized crepe, with a good, guaranteed rubber coating. Are a soft, pliable Cape, made with good, full sweep, and the price is only \$2.98 each. These are really at the old price. Colors, Blue and Tan.

Satins and Crepe de Chine

We have received by express this week one lot of Crepe de Chine, in all the popular colors. These are a good weight all silk goods, full width and priced at only \$2.00 per yard.

We have some good values in colors and Black Satin that are very popular this season. These are a full yard-wide Satin in the best quality, in the popular colors and black. Our special price is only \$2.00 per yard. These are real good qualities.

Ladies' Wool and Silk Dresses

The Ready-Made Tailored Dress is in great demand this season. The price of Serges, compared with the ready-made garment, brings the price for making very small.

We are showing a large line of these Dresses in a variety of the season's best styles at prices that are very interesting. We want you to see these Dress values now, because later we will not be able to duplicate such values.

We have a line of Taffeta and Satin Dresses in the season's best qualities, made in a large variety of different styles, at the special price of \$15.00 each. You can readily see how long we can duplicate these values when you know what silks by the yard are to-day.

Our Millinery Department

Our Millinery Department is now full of the season's best Hat styles and values. We want you to see this line of new Fall Millinery. We know you will be pleased with the styles and the prices will appeal to your pocketbook. New models are arriving nearly every day.
